Purpose:

This calendar encourages families to become more physically active and take steps toward a healthier lifestyle. Each day, students are asked to complete a different activity with a family member (or with adult supervision).

Directions:

After a student completes a day's activity, an adult should place their initials and a check mark in the space provided. You are allowed to miss one day (activity) each week. If you do, place an "X" in the space instead of a check mark (do not initial).
